

Attention all teens and
parents of teens!

Driver Ed Prices are higher
than ever!

The 2012 Driver Ed Bill will give NH families an
affordable option for driver ed: **Online Driver Ed**

Driver Ed prices across NH range from \$500-\$700!

Online Driver Ed is allowed in California, Texas, Colorado, Connecticut, Georgia, Minnesota, and Oklahoma! It's proven to be a viable alternative to expensive driving schools. Online Driver Ed courses meet New Hampshire's 30 hour driver ed classroom time requirement. They are secure, and a student's progress is tracked by the company providing the online course. Many online companies have been in business for over 10 years!

Online programs cost around \$70, which is much more affordable than regular driving school tuition!

Another benefit of taking driver ed online is the flexibility online courses offer students! Teens that do extra-curricular activities could work driver ed into their busy schedules!

Currently there's a bill going to the NH House of Representatives that would allow Online Driver Ed in NH!

The 2012 Driver Ed Bill will allow parents, an adult over the age of 30, or a driving school to provide the 10 hours of behind the wheel training required by NH law, giving families options when it comes to teen driver training. Rep. Laura Jones (Strafford 1 – Rochester) is the prime sponsor of the 2012 Driver Ed Bill.

We need your help to get this bill passed! If you want an affordable, flexible, and high-quality option for driver ed in NH, now's the time to make your voice heard! Please call or email your state representatives and the Reps. listed below that are on the NH House Transportation Committee! Tell them to vote for the Driver Ed Bill! Driver ed in NH is unaffordable! Online Driver Ed programs provide an affordable option for NH families. For more info on the Driver Ed Bill call (603) 847-9070 or email affordabledriverednh@gmail.com.
