

# Portfolio Information Sheet

(evaluation-by-mail version)

Parents' Names:

Address:

Phone:

Email:

Names and birthdays of children:

Just a few questions:

\* Is this evaluation for the entire school year?

(ie did you start homeschooling mid-year? dates are helpful here...)

\*Who compiled these portfolios?

(ie you, your child, a combination?)

\* Any additional information you'd like me to know?

(please be specific... are there learning challenges, differences, issues, concerns?)

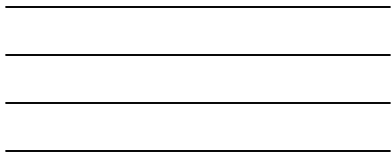

**Please don't send me irreplaceable items. Photocopies are encouraged.  
If you send me your portfolio and it's damaged, you're officially agreeing not to hold me liable.**

Of course it goes without saying that I am not a lawyer. *Nothing* I say should be construed as legal advice.

Please read the NH homeschool law (or at least summary) for yourself.

I believe that parenting is a team effort and strive to maintain neutral ground in any family dispute.

If you share custody of your children and their "other" parent requests a copy of their evaluation,  
I will supply it. I will also provide information as requested by a court appointed guardian ad litem.
